

VI SIMPOSIO LATINOAMERICANO DE HIPERTENSIÓN PULMONAR EN NIÑOS Y ADOLESCENTES

II SIMPOSIO LATINOAMERICANO DE HIPERTENSIÓN PULMONAR EN ADULTOS

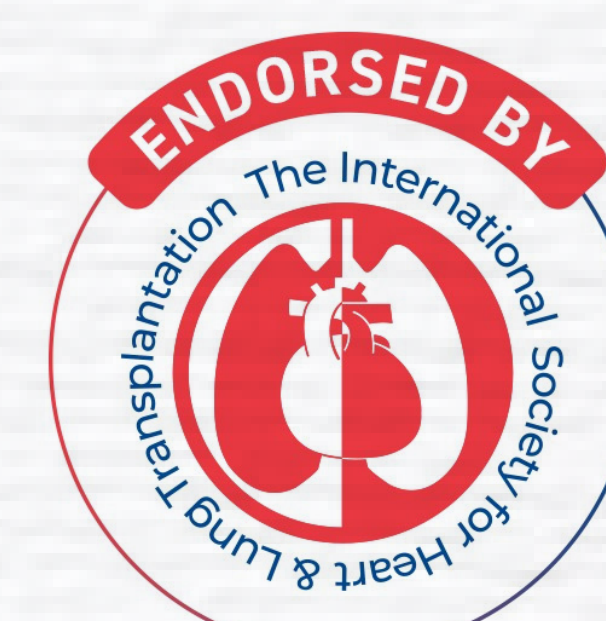

Programa

LIMA 2026
25 Y 26 DE SEPTIEMBRE

SEDE:

EL PARDO
DOUBLETREE
BY HILTON

Plenary Session

Section 1

Clinical and Physiological
Foundations of Pulmonary
Hypertension: Global Perspectives
and High-Altitude Insights

Chairs: Dr. Gabriel Díaz (COL) | Dr. Marcos Padilla (PER)

08:30 - 08:45

Opening Session and Tribute to Dr. Julio Sandoval
■■ Dr. Felix Medina | ■■ Dr. Jose Ercilla

08:45 - 09:15

High-Altitude Legacy: Following the Footsteps of the Pioneering
Pulmonary Hypertension Research Group
■■ Dr. Jorge Sotomayor

09:15 - 09:35

Pulmonary Hypertension at High Altitude: Pathophysiology,
Prognosis, and Lessons for Clinical Practice
■■■ Dr. Rafael Conde

09:35 - 10:05

Genetics and Biology are Leading to New Treatments for
Pulmonary Arterial Hypertension
■■■ Dr. Marlene Rabinovitch

10:05 - 10:20

🗣️ Discussion

10:20 - 10:50

☕ Coffee Break and Exhibition Area Visit

◆ VI LATAM Symposium on Pulmonary Hypertension
in Children and Adolescents – III Adult Symposium ◆

Adult Scientific Programme

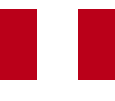

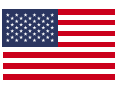

(Room ALAMEDA ABC)

Section 2

Diagnostic Challenges in Pulmonary Hypertension

Chairs: Dr. Guillermo Montes (MEX) | Dr. Oscar Aguirre (PER)

10:50 - 11:10	Pulmonary Veno-Occlusive Disease: Navigating the Diagnostic Challenge  Dr. Tomas Pulido
11:10 - 11:30	Overcoming Barriers in Cardiopulmonary Assessment: Tips, Pitfalls and Lessons Learned   Dra. Verónica Franco
11:30 - 11:50	Right Heart Catheterisation in Pulmonary Hypertension: Beyond the Numbers   Dra. Verónica Franco
11:50 - 12:10	Haemodynamic Assessment in Congenital Heart Disease: Challenges, Pitfalls and Therapeutic Implications  Dr. José García Montes
12:10 - 12:20	Clinical Case  Dr. Nicolas Atamañuk
12:20 - 12:30	 Discussion
12:30 - 13:30	FERRER SYMPOSIUM Parenteral Triple Therapy in PAH: From Myth to Evidence-Based Practice  Dra. Pilar Escribano
13:30 - 15:00	 Lunch

Section 3

Treatment Strategies in Specific Patient Populations: Unresolved Controversies

Chairs: Dr. Guillermo Bortman (ARG) | Dra. Veronica Franco (PER - US)

15:00 - 15:40	Intermediate-Low Risk PAH: When Residual Risk Demands More Than Oral Combination Therapy. What's the Next Step?  Dr. Guillermo Montes (Riociguat)  Dr. Ricardo Fritz (Selexipag)  Dr. Luis Lema (Treprostinil)  Dr. Marco Lazo (Sotatercept)
15:40 - 16:00	Early Pulmonary Vascular Disease (mean PAP 21- 24 mmHg) and Exercise Pulmonary Hypertension: Identifying the Window for Early Intervention  Dr. Sandeep Sahay
16:00 - 16:20	Management of PAH with Comorbidities  Dr. Angelo Valencia
16:20 - 16:40	HIV-Associated Pulmonary Arterial Hypertension: Bridging the Knowledge Gaps   Dr. German Valenzuela
16:40 - 17:00	Portopulmonary Hypertension: Unresolved Controversies and Expert Consensus  Dr. Nicolas Atamañuk
17:00 - 17:15	 Discussion
17:15 - 17:45	 Coffee Break and Exhibition Area Visit
17:45 - 18:45	CARDIOMED SYMPOSIUM Pulmonary Artery Denervation (PADN): The Emerging Role of Neuromodulation in Pulmonary Hypertension
18:45 - 20:00	 Opening Ceremony and Welcome Reception

Section 4

Critical Care in Pulmonary Hypertension: Learning from Experience

Chairs: Dr. Adrián Lescano (ARG) | Dra. Nayeli Zayas (MEX)

08:30 - 08:50	Acute Right Ventricular Failure in Decompensated PH: Real-World Outcomes and Prognostic Factors  Dra. Alejandra Alvarado
08:50 - 09:10	Navigating Advanced Pulmonary Arterial Hypertension: From Mechanical Support to Transplantation  Dr. Adriano Tonelli
09:10 - 09:30	Perioperative Care in Pulmonary Endarterectomy  Dr. Marcelo Nahim
09:30 - 09:50	Optimizing Postoperative Care in Congenital Heart Surgery: Managing Complications for Better Outcomes  Dr. Sergio Carrillo
09:50 - 10:05	 Discussion
10:05 - 10:30	 Coffee Break and Exhibition Area Visit
10:30 - 11:30	 Abstracts Presentations

Section 5

When the Lung Drives the Pressure: Navigating the Intersection of Lung and Vascular Disease

Chairs: Dr. Luis Lema (ARG) | Dr. Tomás Pulido (MEX)

11:30 - 12:10	The Vascular-Parenchymal Intersection: Diagnostic Challenges in Group 1 versus Group 3 Pulmonary Hypertension  Dr. Vinicio De Jesus Perez  Dr. Guillermo Montes
12:10 - 12:30	Multimodal Imaging Interpretation in CTEPH: Diagnostic Pitfalls and Clinical Pearls   Dr Gustavo Heresi
12:30 - 12:50	Technical Challenges and Solutions in Complex Balloon Pulmonary Angioplasty: A Step-by-Step Approach  Dr. Guillermo Pacheco
12:50 - 13:05	 Discussion
13:05 - 14:05	PAH SYMPOSIUM 2.0 Anti-Remodelling Therapy for the Pulmonary Vasculature
14:05 - 15:00	 Lunch

Section 6

Current Landscape and Challenges in Latin America

Chairs: Dr. Gustavo Heresi (PER - US)| Dra. Alejandra Alvarado (ECU)

15:00 - 15:20	Latin America in Numbers: Real-World Evidence from Regional Registries 🇲🇪 Dra. Nayeli Zayas
15:20 - 15:40	When the Registry Speaks for the Patient: Insights from the First Peruvian Pulmonary Hypertension Registry 🇲🇪 Dra. Rosario Guzman
15:40 - 16:00	Targeting the Right Ventricle: Phenotype-Based Analysis of Prostacyclin Response 🇲🇪 Dr. Adrian Lescano
16:00 - 16:20	Pregnancy and Pulmonary Hypertension: The Ethics of Patient Autonomy 🇲🇪 Dr. Lucia Bortman
16:20 - 16:30	🗣️ Discussion
16:30 - 16:50	☕ Coffee Break and Exhibition Area Visit

Section 7

New Pathways: Shifting from Current Management to the Future of Pulmonary Hypertension

Chairs: Dr. Nicolas Atamañuk (ARG) | Dr. Ernesto Vallejo (COL)

16:50 - 17:10	Advances in the Pathogenesis of Pulmonary Arterial Hypertension 🇺🇸 Dr. Vinicio De Jesus Perez
17:10 - 17:30	Post-Capillary PH on Trial: Novel Therapeutic Signals in Historically Prohibited Territories 🇲🇪 Dr. Oscar Aguirre
17:30 - 17:50	Artificial Intelligence in Pulmonary Hypertension: Current Applications and Limitations in Clinical Practice 🇺🇸 Dr. Sandeep Sahay
17:50 - 18:10	Same Diagnosis, Different Access? Disparities in PAH Innovative Therapies and Clinical Trial Availability Across Latin America 🇲🇪 Dr. Guillermo Bortman
18:10 - 18:30	🗣️ Discussion
18:30 - 19:00	👋 Closing Remarks and Farewell

◆ VI LATAM Symposium on Pulmonary Hypertension
in Children and Adolescents – III Adult Symposium ◆

Pediatric and Adolescent Academic Program

(Room: Pardo 1 – 2)

Section 2

Diagnostic Challenges in Pulmonary Hypertension

Chairs: Dr. Isanet Barrantes (PAN) | Dr. Jorge Rojas (PER)

10:40 - 11:00

Current Definition and Classification of Pulmonary Hypertension in Children, with Emphasis on the Panama Classification
🇺🇸 Dr. Rachel Hopper | 🇺🇸 Dr. Usha Krishnan | 🇪🇸 Dra. María Jesús del Cerro

11:00 - 11:20

Clinical Genetics in Pulmonary Hypertension: From Current Practice to Future Directions
🇪🇸🇺🇸 Dr. Jair Tenorio

11:20 - 11:40

Pulmonary Hypertension vs. Pulmonary Vascular Disease
🇪🇸 Dr. Gabriel Diaz

11:40 - 12:00

Diagnosis: The Role of Clinical Assessment, Chest Radiography, and Electrocardiography, with Emphasis on Early Detection
🇧🇷 Dra. Flavia Navarro

12:00 - 12:20

Echocardiography in Pediatric Pulmonary Hypertension
🇷🇺 Dr. Karen Condori

12:20 - 12:30

🗣️ Discussion

12:30 - 13:30

HB HUMAN SYMPOSIUM:
When Every Minute Counts – The Role of Intravenous Sildenafil

13:30 - 14:30

🍽️ Lunch

Section 3

Pulmonary Hypertension in the Neonatal Period

Chairs: Dra. Patricia Cortés (ECU) | Dr. Julio Aguilar (PER)

14:30 - 14:50

PH in the Neonatal unit with reference to Developmental Lung Diseases and PH
🇺🇸 Dra. Usha Krishnan

14:50 - 15:10

Bronchopulmonary dysplasia and pulmonary hypertension: diagnosis and management
🇺🇸 Dr. Rachel Hopper

15:10 - 15:30

Persistent Pulmonary Hypertension of the Newborn at High Altitude
🇷🇺 Dr. Jorge Rojas

15:30 - 15:50

Secondary Pulmonary Hypertension in the Neonate: Congenital Diaphragmatic Hernia
🇦🇷 Dr. Dora Haag

15:50 - 16:10

Clinical Case 1 Hereditary Pulmonary Arterial Hypertension
🇪🇸 Dr. Gabriel Diaz

16:10 - 16:20

🗣️ Discussion

16:20 - 16:50

☕ Coffee Break and Exhibition Area Visit

Section 4

Pulmonary Hypertension and Congenital Heart Disease

Chairs: Dr. Angelo Valencia (COL) | Dr. Silvia Ocampo (PER)

16:50 - 17:10	Pulmonary Hypertension in Congenital Heart Disease: Approach to Shunt Closure  Dr. Rachel Hopper
17: 10 - 17:30	Eisenmenger Syndrome  Dr. Manuel Huertas
17: 30 - 17:50	Artificial Intelligence in Pulmonary Hypertension: Current Applications and Future Perspectives  Dr. Shahin Moledina
18:10 - 18:30	Clinical Case 2:  Dr. Manuel Huertas  Dr. Maria A. Valderrama
18:30 - 18:40	 Discussion
18:45 - 20:00	 Opening Ceremony and Welcome Reception

Section 5

Imaging and Biomarkers

Chairs: Dr. Humberto García (MEX) | Dr. Antonio Skrabonja (PER)

08:30 - 08:50

Biomarkers in Pulmonary Hypertension

 Dr. Humberto García

08:50 - 09:10

Cardiac Catheterization and Acute Vasoreactivity Testing in Pediatric Pulmonary Hypertension. Atrial Septostomy

  Dr. Juan Pablo Sandoval

09:10 - 09:30

Imaging in Pediatric Pulmonary Hypertension CT and Magnetic Resonance

 Dr. Shahin Moledina

09:30 - 09:50

Assessment Right Ventricle in Pulmonary Hypertension

 Dr. Maria Jesus Del Cerro

09:50 - 10:00

 Discussion

10:10 - 10:30

 Coffee Break and Exhibition Area Visit

10:30 - 11:30

 Abstracts Presentations

Section 6

Treatment of Pulmonary Hypertension

Chairs: Humberto Garcia (MEX) | Dr. Gian Huaman (PER)

11:30 - 11:50

Risk Stratification and Prognostic Factors in Pediatric Pulmonary Hypertension

 Dr. Angelo Valencia

11:50 - 12:10

Future Therapy in Pediatric Pulmonary Arterial Hypertension: Sotatercept

 Dra. Usha Krishnan

12:10 - 12:30

Prostanoids in Pediatric Pulmonary Hypertension

 Dr. Dora Haag

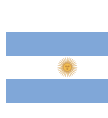

12:30 - 12:50

Future Therapy in Pediatric Pulmonary Arterial Hypertension: Sotatercept

 Dr. Dunbar Ivy

12:50 - 13:10

Controversies in the Treatment of Pulmonary Hypertension

 Dr. Angelo Valencia |  Dra. Usha Krishnan |  Dr. Dora Haag |  Dr. Dunbar Ivy

13:10 - 13:20

 Discussion

13:20 - 15:00

 Lunch

Section 7

Surgery in Pulmonary Hypertension

Chairs: Dr. Iván Rivera (BRA) | Dr. Alfredo Homes (PER)

15:00 - 15:20

Congenital Heart Surgery in Patients with Borderline Pulmonary Hypertension

 Dr. Juan Carlos Alejos

15:20 - 15:40

Potts Shunt Surgery and Lung Transplantation in Pediatric Pulmonary

 Dr. Juan Carlos Alejos

15:40 - 16:00

Severe Pulmonary Hypertension: Treat and Repair

 Dr. Humberto García

16:00 - 16:20

Hipertensión Pulmonar desarrollada después de cirugía de cortocircuitos y cirugía de Fontán

 Dra. Jackeline Hernandez

16:20 - 16:30

 Discussion

16:30 - 16:45

 Coffee Break and Exhibition Area Visit

Section 8

Pulmonary Hypertension and High Altitude

Chairs: Patricio Andrade (BOL) | Dr. Gabriel Díaz (COL)

16:45 - 17:00	Pulmonary Hypertension in Children Living at High Altitude ■ ■ Dr. Jorge Rojas
17:00 - 17:10	Clinical case ■ ■ Dra. Silvia Ocampo
17:10 - 17:30	Pulmonary Hypertension from Pediatric to Adult Life. Future Perspectives 🇧🇷 Dr. Ivan Romero
17:30 - 17:50	Latin American Consensus on Pediatric Pulmonary Hypertension 🇪🇸 Dr. Manuel Huertas 🇦🇷 Dr. Dora Haag
17:50 - 18:10	Room ALAMEDA ABC Same Diagnosis, Different Access? Disparities in PAH Innovative Therapies and Clinical Trial Availability Across Latin America 🇦🇷 Dr. Guillermo Bortman
18:10 – 18:30	🗣️ Discussion
18:30 - 19:00	👋 Closing Remarks and Farewell
